Getting Started

1. Get the meeScan app

Visit your app store and search for "meeScan" to download the app.

Allow meeScan to access your camera, to send you notifications and use your location.

2. Use meeScan

Touch "START" at the welcome screen.

Scan your Library Barcode to enable your account. Press the camera icon to scan the barcode.

3. Check out library items

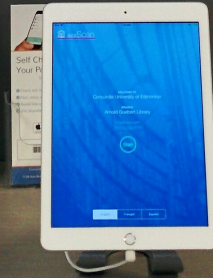

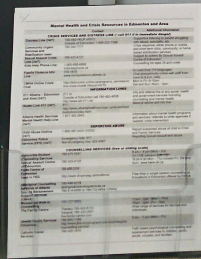

In the checkout screen, use the "+" button to checkout library items.

Touch the "FINISH" button when done.

A receipt will be automatically emailed to your email account.

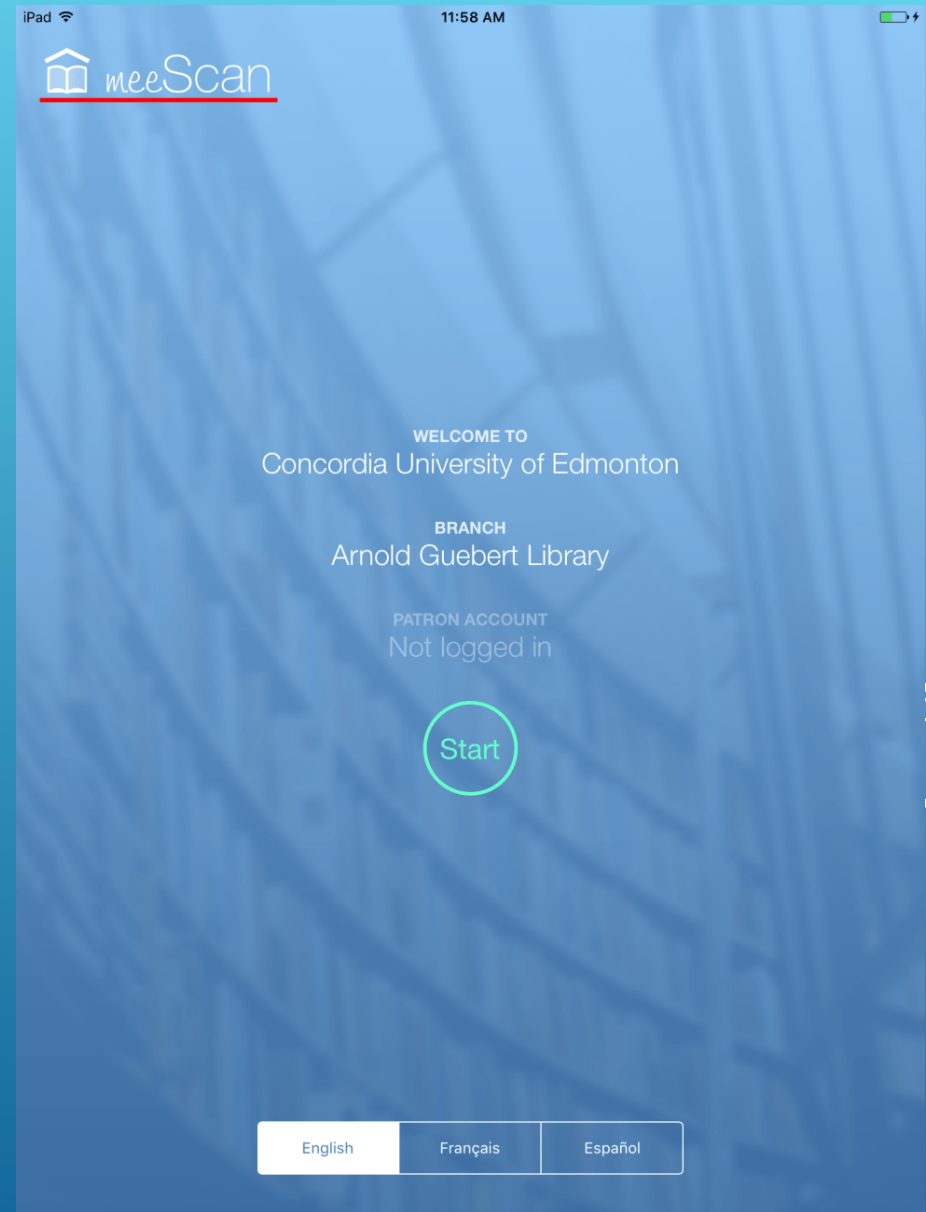

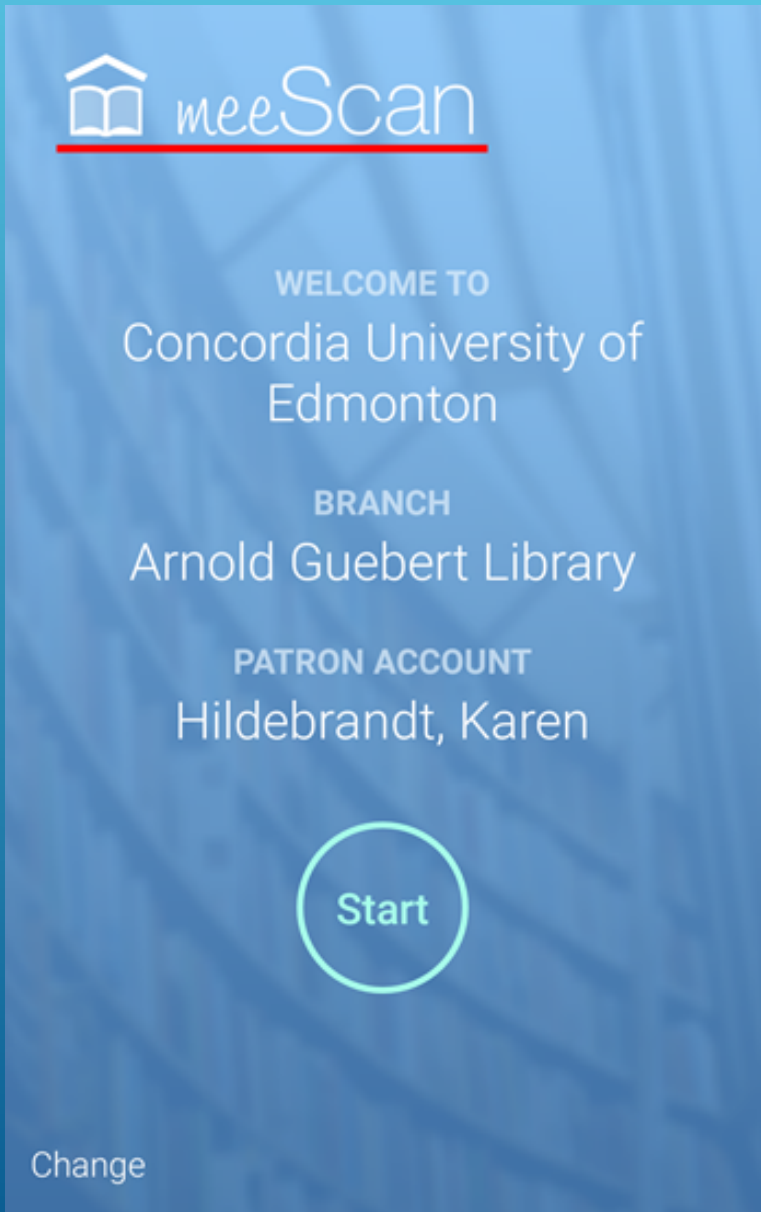

Scanning Tips

- Fit the entire barcode in the viewfinder.
- Hold the phone about 6" away from barcode.
- Hold the phone steady.
- Give the camera time to focus.
- Tilt the phone to avoid glare on the barcode.
- Use flash in low light.
