Get Freading on your Mobile Android Device

Make sure you are connected to the internet and have made yourself an Adobe ID

Go to Google Play and download and install the Freading App

Go into the Freading Application and tap on the "App Options" button and tap on "Store"

Browse the collection for different eBooks

Tap on the cover of a book and a new page will appear

Select "Canada" from the drop down list and then select "Yellowhead Regional Library"

Log into your account using your library card and pin

After you have logged into your account tap on the download epub link
(You will only get 6 tokens per week)

Once the eBook is downloaded simply tap on it to Start reading

The first book you open in the app will prompt you to enter in your Adobe ID. Once you do, your device will be activated you will not have to repeat this step
