

Get OneClick Digital on your Mobile Android Device

Make sure you are connected to the internet and have made yourself an Adobe ID

Go to Google Play and download the OneClick Digital App

Use your web browser to go to SGPL.ca and sign into your library account

Go to eresources and Tap on eBooks and eAudiobooks and then tap on OneClick Digital

Create a OneClick Digital account

Go back to the App and sign in using your new User ID and Password

Tap "Browse More Titles" to go to the OneClick Digital Catalogue

Tap on the audiobook that you want to download, choose how long you want it out for, then click on "check out now"

Once you have checked out your items go to the main page in the App and pull down the bookshelf to refresh your eBooks to see your new eBooks

Your new eBook should appear once you have done the previous step and it should now be downloading
